### Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Orange Reg. 192]

#### PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

##### LIMITATION OF SHIPMENTS

§ 933.508 *Orange Regulation 192—*  
(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the *FEDERAL REGISTER* (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than January 29, 1951. Shipments of oranges, grown in the State of Florida, have been subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, since September 11, 1950, and will so continue until January 29, 1951; the recommendation and supporting information for continued regulation subse-

quent to January 28 was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on January 23; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time hereof, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of oranges; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., January 29, 1951, and ending at 12:01 a. m., e. s. t., February 12, 1951, no handler shall ship:

(i) Any oranges, except Temple oranges, grown in Regulation Area I which grade U. S. No. 2 Bright, U. S. No. 2, U. S. No. 2 Russet, U. S. No. 3, or lower than U. S. No. 3 grade;

(ii) Any oranges, except Temple oranges, grown in Regulation Area II which grade U. S. No. 2 Russet, U. S. No. 3, or lower than U. S. No. 3 grade;

(iii) Any oranges, except Temple oranges, grown in Regulation Area II which grade U. S. No. 2 or U. S. No. 2 Bright unless such oranges (a) are in the same container with oranges which grade at least U. S. No. 1 Russet and (b) are not in excess of 50 percent, by count, of the number of all oranges in such container;

(iv) Any oranges, except Temple oranges, grown in Regulation Area I or Regulation Area II which are of a size smaller than  $2\frac{1}{16}$  inches in diameter, measured midway at a right angle to a straight line running from the stem to the blossom end of the fruit, except that a tolerance of 10 percent, by count, of oranges smaller than such minimum size

[Tangerine Reg. 106]

PART 933—ORANGES, GRAPEFRUIT, AND  
TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.509 *Tangerine Regulation 106—*  
(a) *Findings.* (1) Pursuant to the mar-  
keting agreement, as amended, and  
Order No. 33, as amended (7 CFR Part  
933), regulating the handling of oranges,  
grapefruit, and tangerines grown in the  
State of Florida, effective under the ap-  
plicable provisions of the Agricultural  
Marketing Agreement Act of 1937, as  
amended, and upon the basis of the rec-  
ommendations of the committees estab-  
lished under the aforesaid amended  
marketing agreement and order, and  
upon other available information, it is  
hereby found that the limitation of ship-  
ments of tangerines, as hereinafter pro-  
vided, will tend to effectuate the declared  
policy of the act.

(2) It is hereby further found that  
it is impracticable and contrary to the  
public interest to give preliminary no-  
tice, engage in public rule making pro-  
cedure, and postpone the effective date  
of this section until 30 days after pub-  
lication thereof in the FEDERAL REGISTER  
(60 Stat. 237; 5 U. S. C. 1001 et seq.)  
because the time intervening between  
the date when information upon which  
this section is based became available  
and the time when this section must be-  
come effective in order to effectuate the  
declared policy of the act is insufficient;  
a reasonable time is permitted, under  
the circumstances, for preparation for  
such effective time; and good cause  
exists for making the provisions hereof  
effective not later than January 29, 1951.  
Shipments of tangerines, grown in the  
State of Florida, have been subject to  
regulation by grades and sizes, pursuant  
to the amended marketing agreement  
and order, since October 23, 1950, and  
will so continue until January 29, 1951;  
the recommendation and supporting in-  
formation for continued regulation sub-  
sequent to January 28 was promptly  
submitted to the Department after an  
open meeting of the Growers Adminis-  
trative Committee on January 23; such  
meeting was held to consider recom-  
mendations for regulation, after giving  
due notice of such meeting, and inter-  
ested persons were afforded an opportu-  
nity to submit their views at this meet-  
ing; the provisions of this section, in-  
cluding the effective time thereof, are  
identical with the aforesaid recommen-

dation of the committee, and informa-  
tion concerning such provisions and ef-  
fective time has been disseminated  
among handlers of such tangerines; it  
is necessary, in order to effectuate the  
declared policy of the act, to make this  
section effective during the period here-  
inafter set forth so as to provide for the  
continued regulation of the handling of  
tangerines; and compliance with this  
section will not require any special  
preparation on the part of persons sub-  
ject thereto which cannot be completed  
by the effective time hereof.

(b) *Order.* (1) During the period be-  
ginning at 12:01 a. m., e. s. t., January  
29, 1951, and ending at 12:01 a. m., e. s. t.,  
February 5, 1951, no handler shall ship:

(i) Any tangerines, grown in the State  
of Florida, that do not grade at least  
U. S. No. 1 Bronze; or

(ii) Any tangerines, grown in the State  
of Florida, that are of a size smaller than  
a size that will pack a 210 pack of tan-  
gerines, packed in accordance with the  
requirements of a standard pack, in a  
half-standard box (inside dimensions  
9½ x 9½ x 19½ inches; capacity 1,726  
cubic inches) except that the minimum  
size of such tangerines shall be 2½  
inches with a total tolerance for varia-  
tions incident to proper sizing of 20 per-  
cent, by count, of tangerines that are  
smaller than 2½ inches in diameter of  
which not more than one-half, or a total  
of 10 percent by count of the tangerines,  
are smaller than 2½ inches in diameter.

(2) As used in this section, "handler,"  
"ship," and "Growers Administrative  
Committee" shall have the same mean-  
ing as when used in said amended mar-  
keting agreement and order; and "U. S.  
No. 1 Bronze," "diameter," "210 pack,"  
and "standard pack" shall have the same  
meaning as when used in the United  
States Standards for Tangerines (7 CFR

[Lemon Reg. 367]

PART 953—LEMONS GROWN IN CALIFORNIA  
AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.474 *Lemon Regulation 367—*  
(a) *Findings.* (1) Pursuant to the mar-  
keting agreement, as amended, and Or-  
der No. 53, as amended (7 CFR Part  
953; 14 F. R. 3612), regulating the han-  
dling of lemons grown in the State of  
California or in the State of Arizona,  
effective under the applicable provisions  
of the Agricultural Marketing Agree-  
ment Act of 1937, as amended (7 U. S. C.  
601 et seq.), and upon the basis of  
the recommendation and information  
submitted by the Lemon Administrative

Committee, established under the said  
amended marketing agreement and or-  
der, and upon other available informa-  
tion, it is hereby found that the  
limitation of the quantity of such lem-  
ons which may be handled, as herein-  
after provided, will tend to effectuate  
the declared policy of the act.

(2) It is hereby further found that  
it is impracticable and contrary to the  
public interest to give preliminary no-  
tice, engage in public rule-making pro-  
cedure, and postpone the effective date  
of this section until 30 days after pub-  
lication thereof in the FEDERAL REGIS-  
TER (60 Stat. 237; 5 U. S. C. 1001 et seq.)  
because the time intervening between  
the date when information upon which  
this section is based became available  
and the time when this section must  
become effective in order to effectuate  
the declared policy of the act is insuffi-  
cient, and a reasonable time is permitted,  
under the circumstances, for prepara-  
tion for such effective time; and good  
cause exists for making the provisions  
of this section effective as hereinafter  
set forth. Shipments of lemons, grown  
in the State of California or in the State  
of Arizona, are currently subject to reg-  
ulation pursuant to said amended  
marketing agreement and order; the rec-  
ommendation and supporting informa-  
tion for regulation during the period  
specified in this section was promptly  
submitted to the Department after an  
open meeting of the Lemon Administra-  
tive Committee on January 24, 1951, such  
meeting was held, after giving due notice  
thereof to consider recommendations  
for regulation, and interested persons  
were afforded an opportunity to submit  
their views at this meeting; the pro-  
visions of this section, including its  
effective time, are identical with the  
aforesaid recommendation of the com-  
mittee, and information concerning such  
provisions and effective time has been  
disseminated among handlers of such  
lemons; it is necessary, in order to ef-  
fectuate the declared policy of the act,  
to make this section effective during the  
period hereinafter specified; and compli-  
ance with this section will not require  
any special preparation on the part of  
persons subject thereto which cannot  
be completed by the effective time  
thereof.

(b) *Order.* (1) The quantity of  
lemons grown in the State of California  
or in the State of Arizona which may  
be handled during the period beginning  
at 12:01 a. m., P. s. t., January 28, 1951,  
and ending at 12:01 a. m., P. s. t., Febru-  
ary 4, 1951, is hereby fixed as follows:

- (i) District 1: 20 carloads;
- (ii) District 2: 230 carloads;
- (iii) District 3: Unlimited movement.

(2) The prorate base of each handler  
who has made application therefor, as  
provided in the said amended market-  
ing agreement and order, is hereby fixed

schedule which is attached hereto and  
made a part hereof by this reference.

(3) As used in this section, "handler,"  
"handler," "carloads," "prorate base,"  
"District 1," "District 2" and "District  
3," shall have the same meaning as when

## PART 966—ORANGES GROWN IN CALIFORNIA OR IN ARIZONA

## LIMITATION OF SHIPMENTS

**Findings.** 1. Pursuant to the provisions of Order No. 66 (7 CFR Part 966; 14 F. R. 3614) regulating the handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

2. It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient; and this amendment relieves restrictions on the handling of oranges grown in the State of California or in the State of Arizona.

**Order, as amended.** The provisions in paragraph (b) (1) (ii) (a) of § 966.501

(Orange Regulation 355, 16 F. R. 533) are hereby amended to read as follows:

(ii) Oranges other than Valencia oranges \* \* \*

## LIMITATION OF SHIPMENTS

§ 966.502 *Orange Regulation 356—(a) Findings.* (1) Pursuant to the provisions of Order No. 66, as amended (7 CFR Part 966; 14 F. R. 3614), regulating the handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said amended order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. Shipments of oranges, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended order; the recommendation and supporting information for regulation during the period specified in this section was promptly submitted to the Department after an open meeting of the Orange Administrative Committee on January 25, 1951, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recom-

mendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., January 28, 1951, and ending at 12:01 a. m., P. s. t., February 4, 1951, is hereby fixed as follows:

(b) Prorate District No. 2: 600 carloads;

(c) Prorate District No. 3: Unlimited movement;

(d) Prorate District No. 4: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference.

(3) As used in this section, "handler," "handler," "varieties," "carloads," and "prorate base" shall have the same meaning as when used in the said amended order; and the terms "Prorate District No. 1," "Prorate District No. 2," "Prorate District No. 3," and "Prorate District No. 4" shall each have the same meaning as given to the respective terms in § 966.107, as amended (15 F. R. 8712), of the current rules and regulations (7 CFR 966.103 et seq.), as amended (15 F. R. 8712).

## TITLE 32—NATIONAL DEFENSE

### Chapter V—Department of the Army

#### Subchapter F—Personnel

### PART 581—PERSONNEL REVIEW BOARDS ARMY BOARD ON CORRECTION OF MILITARY RECORDS

Section 581.3 is revised to read as follows:

§ 581.3 *Army Board on Correction of Military Records—(a) General—(1) Legislative mandate.* Section 131 of the Legislative Reorganization Act of August 2, 1946 (60 Stat. 831) provides that no private bill or resolution, and no amendment to any bill or resolution, authorizing or directing the correction of a military record shall be received or considered in either the Senate or the House of Representatives. Section 207 of the same act (60 Stat. 837; 5 U. S. C. 191a) provides that the Secretary of the Army, acting through a board of civilian officers or employees, is authorized to correct any military record where in his judgment such action is necessary to correct an error or to remove an injustice. This legislative mandate gives to the Secretary of the Army the same jurisdiction as heretofore possessed by Congress in this respect.

(2) *Application for relief—(i) General.* The applicant for relief will submit a written request to the Secretary of the Army, Attention: Army Board on Correction of Military Records. The request should be made on DD Form 149 (Application for Correction of Military or Naval Records), which may be obtained from The Adjutant General, Washington 25, D. C., Attention: AGPI.

(ii) *Content.* The application will include:

(a) The full name, Army service number, grade, and organization or assignment of the person whose military record is involved.

(b) A description of the military record sought to be corrected.

(c) A particular description of the alleged error or injustice sought to be corrected or removed.

(d) The reasons in support of the relief requested.

(e) The full name and address of counsel if the applicant desires to be so represented.

(f) A request for a hearing before the Board in Washington, D. C., if the applicant so desires.

(g) The full name and address of any witness or witnesses whose testimony the applicant may desire the Board to consider at the hearing. The nature of each witness's testimony, or the principal facts concerning which he will testify, should be included.

(h) Any statements or affidavits from persons other than the applicant in support of the request for relief.

(i) Signature of the applicant.

(iii) *Execution.* The application will be executed under oath or will contain a provision that the statements submitted in the application, as part of the claim, are made with full knowledge of the penalty provided for making a false statement.

(iv) *Undue delay.* The Board may refuse an application on the ground that there has been undue delay in filing the application.

(3) *Scope of inquiry.*—(i) *General.* Unless directed by the Secretary of the Army, the Board shall not review any case involving the sentence of a general court-martial, or any case wherein final action has been taken by the President of the United States, the Secretary of the Army, the Under Secretary of the Army, or an Assistant Secretary of the Army. No application will be considered until the applicant has exhausted all remedies afforded him by existing law or regulations.

(ii) *Inability to grant relief or insufficient basis.* It shall be adequate ground for denial of any application that effective relief cannot be granted or that a sufficient basis for review has not been established.

(iii) *Stay of proceedings.* The right to apply to the Board for relief shall not operate as a stay of any proceedings taken against the person involved.

(4) *Furnishing of records.* Upon request of the Board, The Adjutant General will assemble the originals or certified copies of all available Department of the Army records pertinent to the relief requested. Such records together with the application and all supporting documents will be transmitted to the Chairman of the Board.

(b) *Constitution, purpose, and jurisdiction.*—(1) *General.* (i) Pursuant to the provisions of section 207 of the Legislative Reorganization Act of 1946 (60 Stat. 837; 5 U. S. C. 191a) the Army Board on Correction of Military Records, referred to in this section as the Board, is established in the Office of the Secretary of the Army.

(ii) The Board is authorized to call upon the Office of the Secretary of the Army, and the Department of the Army General and Special Staffs for investigative and advisory services and upon any other Department of the Army agency for

assistance within the specialized jurisdiction of that agency.

(iii) The proceedings of the Board in open session and the testimony taken before it will be reported verbatim.

(2) *Functions.* (i) The functions of the Board will be to:

(a) Recommend to the Secretary of the Army the action he should take to correct any military record when such action is necessary to correct an error or to remove an injustice.

(b) Consider all applications presently on file and subsequently received which seek such relief as is provided for in section 207 of the act cited in subparagraph (1) of this paragraph.

(ii) In event of doubt by the Board either as to its jurisdiction or as to its power to act in any given case, the Board may request the opinion of The Judge Advocate General.

(iii) The Board may initiate recommendation for such changes in procedure as established herein as may be deemed necessary for the proper functioning of the Board. Such changes will be subject to the approval of the Secretary of the Army.

(3) *Convening.* (i) The Board will be convened at the call of the Chairman and will recess or adjourn at his order.

(ii) The Board will assemble in open or closed session for the consideration and determination of cases presented to it. Cases in which no request for hearing is made by the applicant will be considered in closed session on the basis of all documentary evidence presented to it, and any briefs submitted by or on behalf of applicant.

(c) *Hearings.*—(1) *General.* (i) An applicant for the correction of a military record, upon request, shall be entitled to appear before the Board in open session, either in person or by counsel of his own selection. At the discretion of the Board, the applicant may present witnesses to testify in support of his claim. As used in this section the term "counsel" will be construed to include members of the Federal bar in good standing, the bar of any State in good standing, accredited representatives of veterans' organizations recognized by the Veterans' Administration under section 200 of the act of June 29, 1936 (49 Stat. 2031; 38 U. S. C. 101) and such other persons who, in the opinion of the Board, are considered to be competent to present equitably and comprehensively the claim of the applicant for review. In no case will the expenses of the applicant or expenses or compensation of witnesses or counsel for the applicant be paid by the Government.

(ii) In each case in which hearing is requested the Board will transmit to the applicant and to designated counsel for the applicant, if any, a written notice stating the time and place of hearing. Such notice will be mailed at least 15 days prior to the date of hearing to the applicant and his counsel, if any. It will be the responsibility of the applicant to notify his witnesses, if any. The applicant may waive such time limit and an earlier date may be set by the Board. The record will contain evidence that written notice was given the applicant and his counsel, if any, and the time and manner thereof.

(iii) An applicant who requests a hearing and who, after being duly notified of the time and place of hearing, fails without cause to appear at the appointed time, either in person or by counsel, shall be deemed to have waived his right to be present, and the Board will have authority to proceed with the consideration and determination of the case.

(2) *Conduct.* (i) The hearing will be conducted so as to insure a full and fair inquiry. Neither the applicant nor his counsel will have access to any classified papers or reports of investigation or papers related thereto or any document received from the Federal Bureau of Investigation. When it is necessary to acquaint the applicant with the substance of a document, such as above described, the Assistant Chief of Staff, G-2, Department of the Army, or other appropriate official, on the request of the Board, will prepare a summary of, or extract from, the document deleting all references to sources of information and other matter the disclosure of which, in his opinion, would be detrimental to the public interest. Such summary then may be made available without classification to the applicant or his counsel.

(ii) The Board will not be limited by the restrictions of common law rules of evidence.

(iii) In order to justify correction of a military record, it is incumbent on the petitioner to show to the satisfaction of the Board, or it must otherwise satisfactorily appear, that the alleged entry or omission in the record was in error or unjust under directives, standards, administration, and practice either existing at the time, or subsequently changed in the petitioner's favor, effective retroactively. The directives, standards, administration, and practice herein contemplated are those stated in statutes, regulations, manuals, directives of the Department of the Army, and other appropriate authority, together with interpretations thereof by the courts, the Attorney General, the Comptroller General, and of The Judge Advocate General.

(3) *Witnesses.* The testimony of witnesses will be under oath administered by the presiding officer or by affidavit. If a witness testifies in person he will be subject to examination by members of the Board.

(4) *Continuances.* The Board may continue a hearing on its own motion. A request for continuance by or on behalf of the applicant may be granted by the Board if a continuance appears necessary to insure a full and fair hearing.

(5) *Withdrawal.* The Board may, at its discretion and for good cause shown, permit an applicant to withdraw his application without prejudice at any time before the Board makes its final recommendation.

(d) *Findings, conclusions, and recommendations.*—(1) *Findings.* The Board will make findings in writing in each case. The findings and conclusions of a majority of the Board will constitute the findings and conclusions of the Board.

(2) *Minority report.* In case of a disagreement between members of the

Board a minority report may be submitted, either as to the findings, or to the recommendations, or to both. The reasons for the minority report will be clearly stated.

(3) *Recommendations for corrective action.* The Chairman of the Board will, in the name of the Board, recommend to the Secretary of the Army such action as may be necessary to carry into effect the determinations of the Board.

(4) *Record of proceedings.* (i) When the Board has concluded its proceedings in any case, the Board will prepare a complete record thereof. Such record will include the application for relief; a transcript of the hearing, if any; affidavits, papers, and documents considered by the Board; all briefs and written arguments filed in the case; the report of the examiner, if any; the findings and conclusions of the Board and its recommendation for corrective action; any minority report prepared by a dissenting member of the Board; and all other papers and documents necessary to reflect a true and complete history of the proceedings. The record so prepared will be signed by the Chairman as being true and complete.

(ii) All records of proceedings of the Board in closed session will be confidential.

(5) *Transmittal of records and action by The Adjutant General.* Upon the approval of the Secretary of the Army, the record of proceedings and recommendation in each case will be transmitted to The Adjutant General or other proper authority for appropriate Department of the Army action. The Adjutant General will perform such administrative acts as may be necessary, and thereafter will notify the applicant and his counsel, if any, of the action taken. Written notice specifying the action taken and the date thereof will be transmitted by The Adjutant General to the Chairman of the Board.

#### PART 104—CONSTRUCTION OF SCHOOL FACILITIES IN AREAS AFFECTED BY FEDERAL ACTIVITIES

##### DEAD LINE FOR APPLICATIONS FOR PAYMENTS AND ORDER OF CERTIFICATIONS FROM FUNDS AVAILABLE FOR FISCAL YEAR 1951

- Sec.
- 104.1 Procedure if funds are inadequate to make all payments.
- 104.2 Determination made for fiscal year 1951 of insufficiency of available funds.
- 104.3 Deadline for applications for payments from funds available for fiscal year 1951.
- 104.4 Order of making certifications from available funds.

#### Sec.

104.5 Priorities to applications requesting minimum school facilities funds; certifications restricted to cost of such facilities.

104.6 Priority and certification conditioned on readiness to proceed with construction.

104.7 Preceding provisions not exhaustive of jurisdiction of Commissioner of Education.

AUTHORITY: §§ 104.1 to 104.7 issued under sec. 208, Pub. Law 815, 81st Cong. Interpret or apply sec. 206, Pub. Law 815, 81st Cong.

§ 104.1 *Procedure if funds are inadequate to make all payments.* Section 206 (d), Public Law 815, 81st Congress reads as follows:

If the Commissioner of Education determines for any fiscal year that the funds which will be available therefor may not be sufficient to pay in full the amounts which all local educational agencies would otherwise be entitled to receive under applications approved under this title before the end of such year, he shall by regulations prescribe (1) a date or dates before which all applications for payments out of such funds shall be filed, and (2) the order in which the certifications required by subsections (a) and (b) of this section will be made. The order so prescribed shall be based on relative urgency of need and shall give applications under section 205 (b) priority over applications under section 205 (c).

§ 104.2 *Determination made for fiscal year 1951 of insufficiency of available funds.* The Commissioner of Education has determined that for the fiscal year 1951 available funds may not be sufficient to pay in full the amounts which all local educational agencies would otherwise be entitled to receive as provided in section 206 (d), Public Law 815, 81st Congress.

§ 104.3 *Dead line for applications for payments from funds available for fiscal year 1951.* By reason of the foregoing February 28, 1951, is hereby fixed as the date before which all applications for payments out of funds available for the fiscal year 1951 shall be filed.

§ 104.4 *Order of making certifications from available funds.* Subject to the condition of readiness hereinafter stated, the order in which certifications required by subsections (a) and (b) of section 206, Public Law 815, 81st Congress from funds appropriated and available therefor on February 28, 1951, will be made is as follows:

(a) *Preference to projects for school facilities where none are presently available.* Projects designed to provide school facilities for those for whom no facilities are presently available, as indicated in subparagraph (1) of this paragraph will be preferred.

(1) *When children deemed to be without school facilities.* For the purposes of this section, children will be deemed to be without school facilities who (i) are in excess of the normal one-session-per-day capacity of available school facilities above the kindergarten level or (ii) are presently dependent upon a building or space which is unsafe, or the use of which for school purposes in view of its character, inaccessibility, or other equally cogent reason seriously prejudices or would seriously prejudice the educational objective. Mere obso-

lescence in terms of existing State standards or the use of temporary but otherwise adequate facilities will not in themselves constitute preference factors.

(2) *Determination of order of priority for payments.* The order of priority hereunder will be determined by adding (i) the percentage of the average daily attendance with respect to which the local agency is eligible and the application is made, to (ii) the percentage of the school membership within the same jurisdictional area who are without school facilities under the definition in subparagraph (1) of this paragraph, those projects with the highest combined percentages being first certified for payment:

*Provided, however, (a)* That where the jurisdictional area of the applicant with respect to which the application is made comprises an extensive territory and the Federal activity is localized within the area served by one or more attendance centers, and the other attendance centers within the District are substantially unavailable to meet the needs of such attendance centers affected by Federal activities, then, in such case, the percentages described in subdivision (i) and (ii) of this subparagraph will be determined with respect to the Federally affected attendance areas, and not with respect to the entire school district or jurisdiction: *And provided, (b)* That where Federal or other housing projects, undertaken primarily to house those with respect to whose children the applicant may claim Federal funds, have been provided for and scheduled for completion or substantial completion by the beginning of the ensuing school year, then the school membership anticipated from such construction shall be included in computing the percentage in subdivision (ii) of this subparagraph.

(3) *Responsibility of applicant and Regional Representative in priority determinations.* The applicant must submit as a part of its application all facts and circumstances in each case which are pertinent to an accurate determination of priority status as above, and the Regional Representative will assume primary responsibility for designating and determining differentiated attendance centers under (a) of the proviso to subparagraph (2) of this paragraph and determining the school membership anticipated under (b) of the proviso to subparagraph (2) of this paragraph.

(b) *Certification of remaining funds and priority of construction applications over reimbursement applications.* Federal funds not certified under paragraph (a) of this section may be drawn upon to replace or improve obsolescent, substandard, or temporary facilities, or for projects requiring amounts of Federal funds in excess of those necessary to provide minimum facilities as described in § 104.5. All applications under section 205 (b), Public Law 815, 81st Congress, will have as set forth in the statute priority over applications under section 205 (c), Public Law 815, 81st Congress.

§ 104.5 *Priorities to applications requesting minimum school facilities funds; certifications restricted to cost of such facilities.* Certification of funds

for priority projects will be restricted in amount to the cost of providing minimum school facilities including square footage per pupil necessary to operate a school program on a one-session-per-day basis above the kindergarten level with necessary auxiliary facilities exclusive of single-purpose auditoria or gymnasias with large built-in spectator space, and priority will be established in the first instance only for those applications in which the Federal funds requested do not exceed such cost as shown in the application. However, nothing contained in the regulations of this part shall be deemed to bar the State, or the applicant with the approval of the State educational agency, from using, in addition to the Federal grant, moneys otherwise obtained, to provide a higher type or larger or better implemented facility, as the State or local authorities may deem reasonable under the existing circumstances. The applicant will be required to show in such cases that the added cost is being thus independently met.

§ 104.6 *Priority and certification conditioned on readiness to proceed with construction.* Certification and transfer of funds with respect to any project described in this part will be subject to postponement in the event the applicant is not ready to proceed with construction before June 30, 1951, and may be subordinated by reason thereof to other projects of lower rank or forfeit its priority in the discretion of the program director.

§ 104.7 *Preceding provisions not exhaustive of jurisdiction of Commissioner of Education.* The provisions of §§ 104.1 to 104.6, inclusive, shall not be deemed exhaustive of the jurisdiction of the Commissioner of Education under section 206 (d), Public Law 815, 81st Congress. Such provisions may be modified or further regulations may be issued hereafter as circumstances may require.

Dated: January 23, 1951.

U. S. Commissioner of Education.

(1) Delivering a copy of the document to the person to be served, to a member of the partnership to be served, to an executive officer, or a director of the corporation to be served, or to a person competent to accept service; or

(2) By leaving a copy thereof at the residence, principal office or place of business of such person, partnership, or corporation.

(c) *Proof of service.* The return post office registered receipt for said order, other process or supporting papers, or the verification by the person serving, setting forth the manner of said service, shall be proof of the service of the document.

Witness fees and mileage shall be paid by the Commission or by the party at whose request the witness appears.

(c) *Transcript of testimony.* Every person required to attend and testify or to submit documents or other evidence shall be entitled to retain or, on payment of prescribed costs, procure a copy or transcript of his testimony or the documents produced.

If such deposition is being offered in connection with a hearing or examination, the application for deposition shall be made to the Commission

at least 15 days prior to the proposed date of such hearing or examination.

Application to take a deposition may be made during a hearing or examination, or, subsequent to a hearing or examination only where it is shown for good cause that such testimony is essential and that the facts as set forth in the application to take the deposition were not within the knowledge of the person signing the application prior to the time of the hearing or examination.

All objections to questions or evidence shall be deemed waived unless made in accordance with paragraph (d) of this section. The officer shall not have power to rule upon any objections but he shall note them upon the deposition. The testimony shall be subscribed by the witness in the presence of the officer who shall attach his certificate stating that the witness was duly sworn by him, that the deposition is a true record of the testimony and exhibits given by the witness, and that said officer is not counsel or attorney to any of the interested parties. (f) *Scope of use.* The deposition of a witness, if relevant, may be used if the Commission finds: (1) That the witness has died since the deposition was taken; or (2) that the witness is beyond a distance greater than 100 mile radius of Washington, D. C., the designated field office or the designated place of the hearing; or (3) that the witness is unable to attend because of other good cause shown.

(g) *Interrogatories and cross-interrogatories.* Depositions may also be taken and submitted on written interrogatories in substantially the same manner as depositions taken by oral examinations. When a deposition is taken upon interrogatories and cross-interrogatories, none of the parties shall be present or represented, and no person, other than the witness, and his representative or attorney, a stenographic reporter and the presiding officer, shall be present at the examination of the witness, which fact shall be certified by such officer, who shall propound the interrogatories and cross-interrogatories to the witness in their order and reduce the testimony to writing in the witness' own words.

Such fees shall be paid by the Commission or by the party

at whose request the deposition is being taken.

§ 502.7 *Time—(a) Computation.* In computing any period of time prescribed or allowed by the regulations in this part, by order of the Commission, or by any applicable statute, the day of the act, event, or default after which the designated period of time begins to run is not to be included. The last day of the period so computed is to be included, unless it is a Sunday or a legal holiday, in which event the period runs until the end of the next day which is neither a Sunday nor a holiday. When the period of time prescribed or allowed is less than 7 days, Sundays and holidays shall be excluded in the computation. A half holiday shall be considered as other days and not as a holiday.

(b) *Enlargement.* When by the regulations in this part or by a notice given thereunder or by order of the Commission an act is required or allowed to be done at or within a specified time, the Commission for cause shown may, at any time in its discretion (1) with or without motion or notice, previous order or (2) upon motion permit the act to be done after the expiration of the specified period where the failure to act was the result of excusable neglect.

## PROPOSED RULE MAKING

### DEPARTMENT OF AGRICULTURE

#### Production and Marketing / Administration

#### [7 CFR, Part 68]

#### UNITED STATES STANDARDS FOR ROUGH RICE, BROWN RICE AND MILLED RICE

#### NOTICE OF HEARINGS ON PROPOSED REVISIONS

Notice is hereby given, in accordance with section 4 of the Administrative Procedure Act (5 U. S. C. 1003) that pur-

suant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621 et seq.) and the items for Market Inspection of Farm Products and Marketing Farm Products recurring in the annual appropriation acts for the Department of Agriculture and currently found in the Department of Agriculture Appropriation Act, 1951 (Ch. VI, Pub. Law 759, 81st Congress; 7 U. S. C. Supp. 414) the United States Department of Agriculture is considering the complete revision, essentially as

herein proposed, of the United States standards for rough rice, brown rice, and milled rice. The present rough rice standards have been in effect since May 15, 1942, the present brown rice standards since May 15, 1942, and the present milled rice standards since September 4, 1946 (7 CFR 60.75 et seq.).

The proposed standards for rough rice have been developed to provide an indication of the grade of milled rice that may be made from a lot of rough rice offered for inspection, and also to pro-

vide an estimate of the percentages of whole kernels and of broken kernels that may reasonably be expected in the commercial milling of such rice. The proposed brown rice standards have been developed to provide a better measure of the quality of such brown rice as may be prepared for consumer use and also to provide a better quality measurement of such brown rice as may be intended for further milling by providing an estimate of the percentages of whole kernels and of broken kernels that may be produced from a lot of brown rice offered for inspection.

The proposed milled rice standards have been developed to more nearly meet present-day marketing requirements and have been simplified to provide one set of grade requirements for all classes of milled rice other than second head milled rice, screenings milled rice and brewers' milled rice. The standards would be set forth in Part 68 of Subtitle B in Title 7 of the Code of Federal Regulations, to read essentially as follows with such changes as may be suggested by interested parties and considered desirable by the Department:

#### UNITED STATES STANDARDS FOR ROUGH RICE<sup>1</sup>

§ 68.201 *Terms defined.* The following definitions shall apply for the purposes of the United States Standards for rough rice:

(a) *Rough rice.* Rough rice shall be rice which consists of 50 percent or more of kernels of rice from which the hulls have not been removed.

(b) *Classes.*<sup>2</sup> (1) Rough rice shall be divided into the following classes:

Rexoro rough rice, including the variety known as Rexark.  
Blue Bonnet rough rice.  
Patna rough rice.  
Nira rough rice.  
Fortuna rough rice.  
Blue Rose rough rice, including the varieties known as Improved Blue Rose, Greater Blue Rose, Kamrose, Arkrose, and Calrose.  
Zenith rough rice.  
Magnolia rough rice.  
Early prolific rough rice.  
Pearl rough rice.  
Mixed rough rice.

(2) Except with respect to the class Mixed rough rice, each class shall contain more than 25.0 percent of whole kernels of rough rice of the designated class, and may contain not more than 10.0 percent of rice of contrasting classes, and the percentage of whole and broken kernels of a designated class in any lot of rice of such class shall exceed the percentage therein of kernels of any other class.

(3) Mixed rough rice shall be any mixture of rough rice which does not meet the requirements for any of the classes specifically named.

(4) Rough rice that is not otherwise provided for in these standards shall be classified according to the commonly accepted commercial name of such rough rice.

<sup>1</sup> The specifications of these standards shall not excuse failure to comply with provisions of the Federal Food, Drug, and Cosmetic Act.

<sup>2</sup> The use of a variety name in the designation of a class of rough rice does not imply any guarantee of varietal purity.

(c) *Grades.* Grades shall be the numerical grades, sample grade, and special grades provided for in § 68.203.

(d) *Contrasting classes.* Rough rice of contrasting classes shall be rough rice of other classes than the class designated, in which the size, length, or shape of the kernels differ distinctly from these characteristics of the kernels of the class designated.

(e) *Chalky kernels.* Chalky kernels shall be kernels and pieces of kernels of rice of which one half or more of each is chalky.

(f) *Red rice.* Red rice shall be kernels and pieces of kernels of rice which are distinctly red in color or which have any appreciable amount of red bran thereon.

(g) *Damaged kernels.* Damaged kernels shall be kernels and pieces of kernels of rough rice which are distinctly damaged by water, insects, heat, or any other means.

(h) *Heat-damaged kernels.* Heat-damaged kernels shall be kernels and pieces of kernels of rough rice which are materially discolored and damaged by heat.

(i) *Seeds.* Seeds shall be unhulled kernels of rice; and grains, kernels, or seeds, either whole or broken, of any plant other than rice.

(j) *Objectionable seeds.* Objectionable seeds shall be all seeds other than unhulled rice and seeds of the varieties of *Echinochloa crusgalli* commonly known as barnyard grass, watergrass, and Japanese millet.

(k) *Milling quality (yield).* Milling quality of rough rice shall be the quality of the rough rice with respect to resistance to breakage in terms of the quantity of whole and broken kernels of milled rice that can be produced from a unit of rough rice.

(l) *Removable foreign material (dockage).* Removable foreign material (dockage) shall be all matter other than rough rice which can be removed readily from the rough rice by the use of appropriate sieves and cleaning devices, and underdeveloped, shriveled, and small pieces of kernels of rough rice removed in properly separating the foreign material, and which cannot be recovered by properly rescreening or recleaning.

(m) *Test weight per bushel.* Test weight per bushel shall be the weight per Winchester bushel, as determined by the testing apparatus and the method of use thereof described in Bulletin No. 1065, dated May 18, 1922, issued by the United States Department of Agriculture, or as determined by any device and method which give equivalent results.

§ 68.202 *Principles governing application of standards.* The following principles shall apply in the determination of the classes and grades of rough rice:

(a) *Basis of determinations.* Each determination of seeds, objectionable seeds, damaged kernels, heat-damaged kernels, red rice, chalky kernels, rice of contrasting classes, and color and general appearance, shall be on the basis of the rice after milling. All other determinations shall be on the basis of the rough rice as a whole.

(b) *Percentages.* Percentages shall be determined upon the basis of weight.

(c) *Percentage of moisture.* Percentage of moisture shall be that ascertained by the air-oven method described in Service and Regulatory Announcements No. 147 (revised August 1941) of the Agricultural Marketing Service (now Production and Marketing Administration) of the United States Department of Agriculture, or ascertained by any method which gives equivalent results.

(d) *Determination of milling quality (yield).* The determination of milling quality of rough rice shall be made with equipment and methods prescribed by the United States Department of Agriculture. The milling quality shall be expressed in terms of whole percent and any fraction of a percent shall be disregarded.

§ 68.203 *Grades, grade requirements, and grade designations.* The following grades, grade requirements, and grade designations are applicable under the rough rice standards:

(a) *Grades and grade requirements for all classes of rough rice.* (See also paragraph (c) of this section.)

(2) *Mixed brown rice*. The grade designation for Mixed brown rice shall include, in the order named, the letters "U. S.," the number of the grade or the words "sample grade," as the case may be; the words "Mixed brown rice," followed by the name and approximate percentage of the predominant class of brown rice and of each contrasting class of brown rice in the mixture; and there may be added thereto a statement of the milling quality (yield).

UNITED STATES STANDARDS FOR MILLED RICE<sup>1</sup>

§ 68.301 *Terms defined.* The following definitions shall apply for the purposes of the United States standards for milled rice:

(a) *Milled rice.* Milled rice shall be whole or broken kernels of rice from which, (1) in the case of milled rice other than milled rice of the special grade unpolished milled rice, the hulls and practically all of the germs and bran layers have been removed; or (2) in the case of milled rice of the special grade unpolished milled rice, the hulls, a part of the germs, and the outer bran layers, but not the inner bran layers, have been removed; and which contains not more than 10.0 percent of seeds or foreign material, either singly or combined.

(b) *Classes.*<sup>2</sup> (1) Milled rice shall be divided into the following classes:

Rexoro milled rice, including the variety known as Rexark.

Blue Bonnet milled rice.

Patna milled rice.

Nira milled rice.

Fortuna milled rice.

Blue Rose milled rice, including the varieties known as Improved Blue Rose, Greater Blue Rose, Kamrose, Arkrose, and Calrose.

Zenith milled rice.

Magnolia milled rice.

Early prolific milled rice.

Pearl milled rice.

Mixed milled rice.

Second head milled rice.

Screenings milled rice.

Brewers' milled rice.

(2) Except with respect to the classes Mixed milled rice, Second Head milled rice, Screenings milled rice, and Brewers' milled rice, each class shall contain more than 25.0 percent of whole kernels of milled rice of the designated class, and may contain not more than 10.0 percent of milled rice of contrasting classes, and the percentage of whole and broken kernels of a designated class in any lot of rice of such class shall exceed the percentage therein of kernels of any other class.

(3) Mixed milled rice shall be any mixture of milled rice which contains more than 25.0 percent of whole kernels of milled rice and which does not meet the requirements for any of the classes specifically named.

(4) Second Head milled rice shall be any milled rice which contains not more than 25.0 percent of whole kernels, not more than 50.0 percent of broken kernels that will pass readily through a 6½/64 sieve, and not more than 10.0 percent of broken kernels that will pass readily through a 6/64 sieve.

(5) Screenings milled rice shall be any milled rice which contains not more than 25.0 percent of whole kernels, which

does not meet the kernel-size requirements for the class Second Head milled rice, and which contains not more than 15.0 percent of broken kernels that will pass readily through a 5½/64 sieve; and

(6) Brewers milled rice shall be any milled rice which contains not more than 25.0 percent of whole kernels and which contains more than 15.0 percent of broken kernels that will pass readily through a 5½/64 sieve.

(7) Milled rice that is not otherwise provided for in these standards shall be classified according to the commonly accepted commercial name of such milled rice.

(c) *Grades.* Grades shall be the numerical grades, Sample grades, and special grades provided for in § 68.303.

§ 68.302 *Principles governing application of standards.* The following principles

shall apply in the determination of the classes and grades of milled rice:

(a) *Basis of determinations.* All determinations shall be upon the basis of the milled rice as a whole.

(b) *Percentages.* Percentages shall be determined upon the basis of weight.

(c) *Percentage of moisture.* Percentage of moisture shall be that ascertained by the air-oven method described in Service and Regulatory Announcements No. 147 (revised August 1941) of the Agricultural Marketing Service (now Production and Marketing Administration) of the United States Department of Agriculture, or ascertained by any method which gives equivalent results.

# NEW ENGLAND GAS AND ELECTRIC ASSN. AND NEW HAMPSHIRE ELECTRIC CO.

## NOTICE OF FILING OF AMENDMENT TO APPLICATION-DECLARATION AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 23d day of January A. D. 1951.

Notice is hereby given that an amendment to a joint application-declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by New England Gas and Electric Association ("Negea"), a registered holding company, and its utility subsidiary, New Hampshire Electric Company ("New Hampshire").

It has heretofore been proposed, and public notice thereof has been given and hearings have been held with respect thereto, that New Hampshire issue 15,000 shares of \$4.50 Preferred Stock of a par value of \$100 per share and 140,000 shares of Common Stock, no par value, with an aggregate stated value of \$2,100,000, and to exchange the same for all of its presently outstanding common stock which is held by Negea, consisting of 150,000 shares of common stock of no par value having an aggregate stated value of \$3,595,000. The stated purpose of such proposed transactions was to facilitate disposition by Negea of its interests in New Hampshire.

The proposed issuances and exchange of securities have been approved by the Public Service Commission of New Hampshire.

All interested persons are referred to said amendment to said joint application-declaration which is on file in the office of the Commission for a statement of the transactions therein proposed which may be summarized as follows:

It is proposed by said amendment that Negea will donate to New Hampshire all of the capital stock of Kittery Electric Light Company ("Kittery"), consisting of 4,200 shares of a par value of \$50 a share. Kittery is an electric utility company operating in and about the city of Kittery, Maine which is adjacent to the area of operations of New Hampshire, and Kittery is dependent upon New Hampshire for its supply of electric energy.

It is also proposed that, upon consummation of all the transactions set forth above, Negea (i) will sell at competitive bidding, pursuant to Rule U-50, the 15,000 shares of the \$4.50 Preferred Stock of New Hampshire to be acquired as aforesaid; and (ii) will offer 132,683 shares of the 140,000 shares of common stock of New Hampshire, to be acquired as aforesaid, to its common stockholders on the basis of one share of New Hampshire common stock for each 12 shares of Negea common stock owned. Negea states that it is its present intention to invite bids for the underwriting of the public sale of any of the unsubscribed shares of New Hampshire stock offered to its stockholders as well as the balance of 7,317 shares of such stock not being so offered.

Negea proposes to apply sufficient of the proceeds from the sale of the New

Hampshire securities to call and retire \$2,425,000 principal amount of its Series A Bonds due 1967 and any balance will be used to call and retire part of its outstanding 4 1/2% Cumulative Convertible Preferred Stock.

New Hampshire proposes to write out of its property accounts the amount of \$335,399.12 representing certain intangibles, by charging an amount of \$115,667.26 against its retirement reserve and the balance of \$219,731.86 against its capital surplus account. Negea proposes to write down its investment in the common stock of New Hampshire in the amount of \$219,731.86 by charging the same to a Special Reserve to the extent available, (i. e., \$170,893.94 at November 30, 1950) and the balance to its capital surplus account. To the extent that the proceeds realized from the sale of the New Hampshire preferred and common stocks are less than Negea's carrying value of its investment in the New Hampshire and Kittery common stocks, adjusted as above, such deficiency will be charged to Negea's capital surplus account.

New Hampshire has also requested that if the Commission permits it to acquire the common stock of Kittery, the Commission enter an order pursuant to section 3 (a) (2) of the act exempting it as a holding company from the provisions of the act.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the proposed transactions and that said amended joint application-declaration should not be permitted to become effective except pursuant to the further order of this Commission:

*It is ordered*, Pursuant to the applicable provisions of the act and rules and regulations promulgated thereunder, that a hearing with respect to said amended joint application-declaration be held on February 12, 1951, at 10:00 a. m., e. s. t., at the offices of this Commission, 425 Second Street NW., Washington 25, D. C. On such date the hearing room clerk in Room 101 will advise as to the room in which such hearing will be held. Any person desiring to be heard or otherwise participate in this proceeding shall file with the Secretary of the Commission, on or before February 9, 1951, a written request therefor as provided by Rule XVII of the Commission's rules of practice.

*It is further ordered*, That Harold B. Teegarden or any other officer or officers of this Commission designated by it for that purpose, shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the amended application-declaration and that, upon the basis thereof and without prejudice to additional matters or questions being specified upon further examination, the

following matters or questions are presented for consideration:

(1) Whether the issuance and exchange of preferred stock are solely for the purpose of financing the business of New Hampshire.

(2) Whether the preferred stock meets the standards of section 7 (c) of the act.

(3) Whether the preferred stock is reasonably adapted to the security structure and earning power of New Hampshire.

(4) Whether the issuance and exchange of preferred stock are necessary and appropriate to the economical and efficient operation of New Hampshire's business.

(5) Whether the fees, commissions, or other remunerations to be paid by Negea in connection with the sale or distribution of the common stock of New Hampshire are reasonable.

(6) Whether the terms and conditions of the sale by Negea of the common stock of New Hampshire are detrimental to the public interest or the interest of investors or consumers.

(7) Whether the proposed accounting entries to be recorded on the books of New Hampshire and Negea are consistent with sound accounting principles and conform to the standards of the act.

(8) What terms and conditions, if any, with respect to the proposed transactions should be prescribed in the public interest or for the protection of investors and consumers.

(9) Generally whether the proposed transactions comply with the applicable provisions of the act, rules and regulations and orders promulgated thereunder.

It is further ordered, That at said hearing evidence shall be adduced with respect to the foregoing matters and questions.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid hearing by mailing a copy of this notice of filing and order for hearing to Negea and New Hampshire and to the Public Service Commission of New Hampshire, and to the Public Utilities Commission of Maine, and that notice of said hearing shall be given to all other persons by general release of this Commission which shall be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935; and that further notice shall be given to all persons by publication of this notice and order in the FEDERAL REGISTER.

By the Commission.

## UNITED STATES TARIFF COMMISSION

ADDITIONAL SUPPLEMENTAL QUOTA FOR IM-  
PORTS OF EXTRA-LONG-STAPLE COTTON  
TERMINATION OF INVESTIGATION

JANUARY 24, 1951.

The Tariff Commission announced today the termination of the supplemental

investigation regarding extra-long-staple cotton ordered November 29, 1950. The Commission is not recommending to the President that a second additional quota for imports of such cotton be permitted during the current quota year which ends January 31, 1951.

The regular annual quota on imports of extra-long-staple cotton for the current quota year was exhausted very early in the quota year and a supplemental quota of 7,500,000 pounds of extra-long-staple cotton was proclaimed by the President on October 12, 1950, upon the recommendation of the Tariff Commission. In accordance with the Proclamation, the Commission issued licenses authorizing importation on behalf of individual cotton manufacturing concerns in quantities determined to be essential for their needs. Under this procedure the entry of the full amount of the supplemental quota was licensed by November 22, 1950.

The supplemental investigation ordered on November 29, 1950, was undertaken as a result of reports that domestic producers of certain products were experiencing difficulties due to inadequate supplies of extra-long staple cotton. A public hearing in connection with the investigation was held on December 11, 1950. The information obtained by the Commission in the public hearing and from other sources indicates that a second supplemental quota for extra-long-staple cotton during the present quota year is not warranted.
